DEDICATION

e the class of 1981 dedicate this yearbook to Mrs. Linda Diamond. She has touched our hearts in many ways as a teacher, a coach, and a friend.

She has been a coach for Girls J.V. Softball, Girls J.V. Basketball, and Girls Track since 1978.

Mrs. Diamond is a graduate of Wilson High School and received her BA and Masters Degrees from Elizabethtown College.

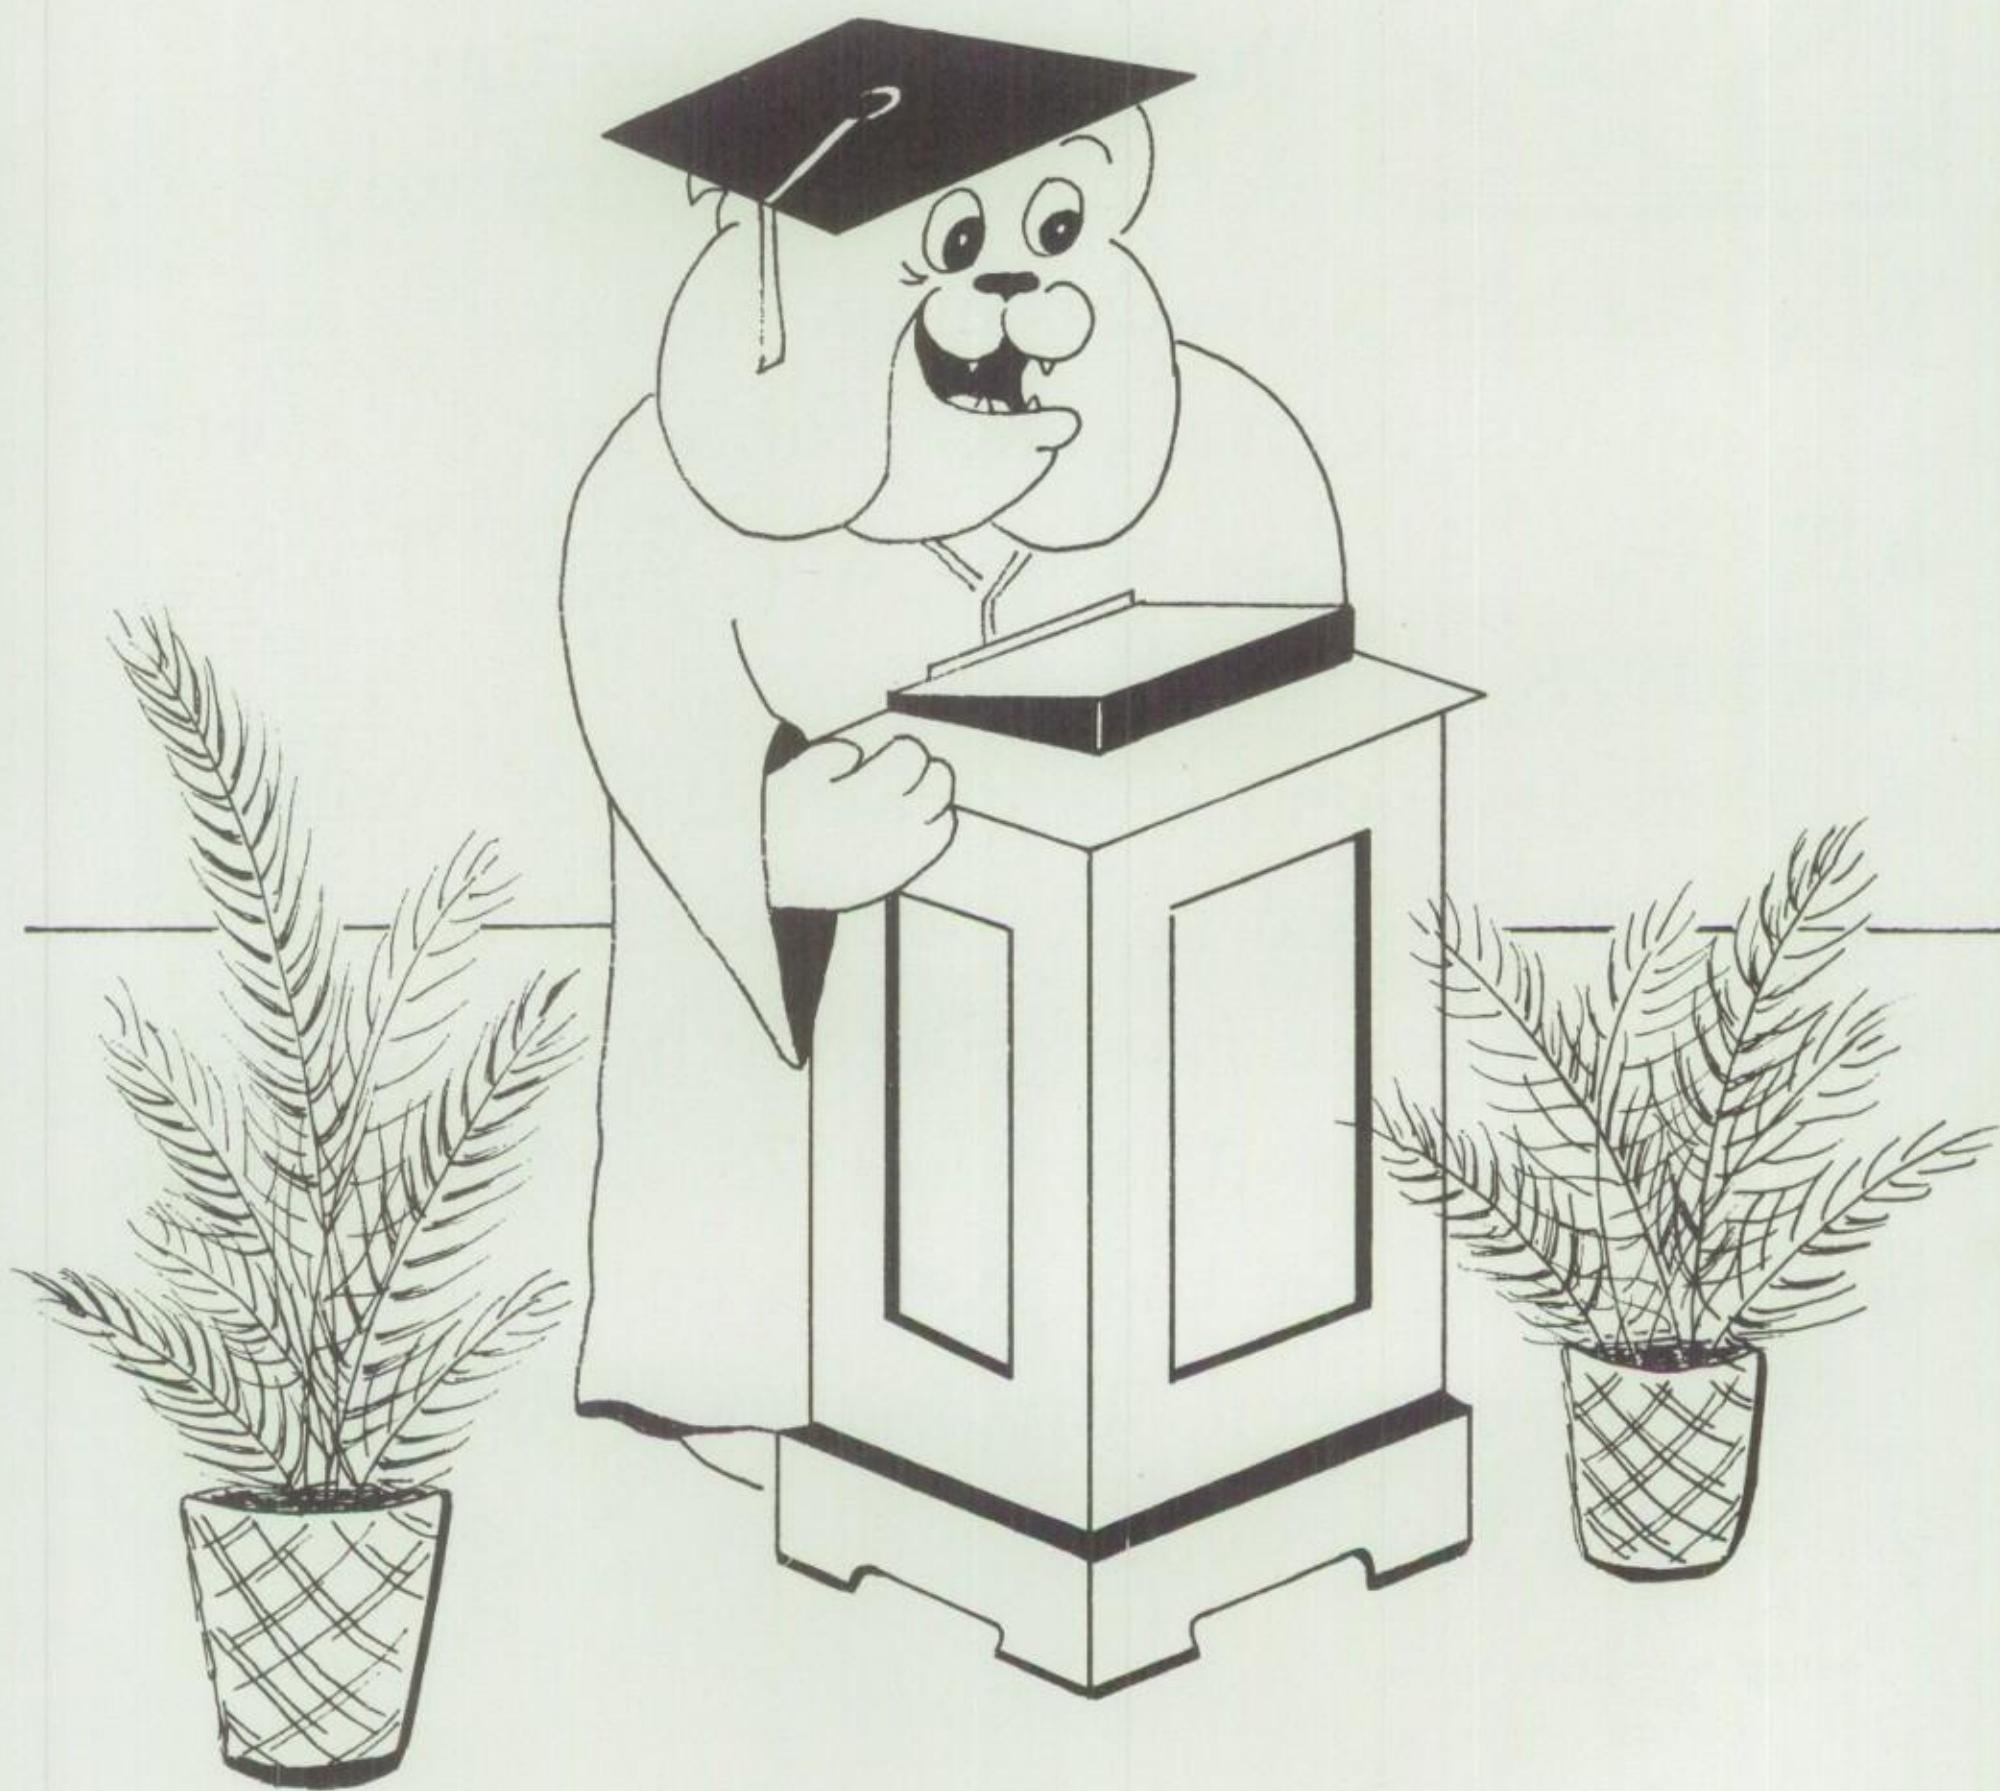

She came to Wilson in 1978 and has taught Social Studies for the past three years.

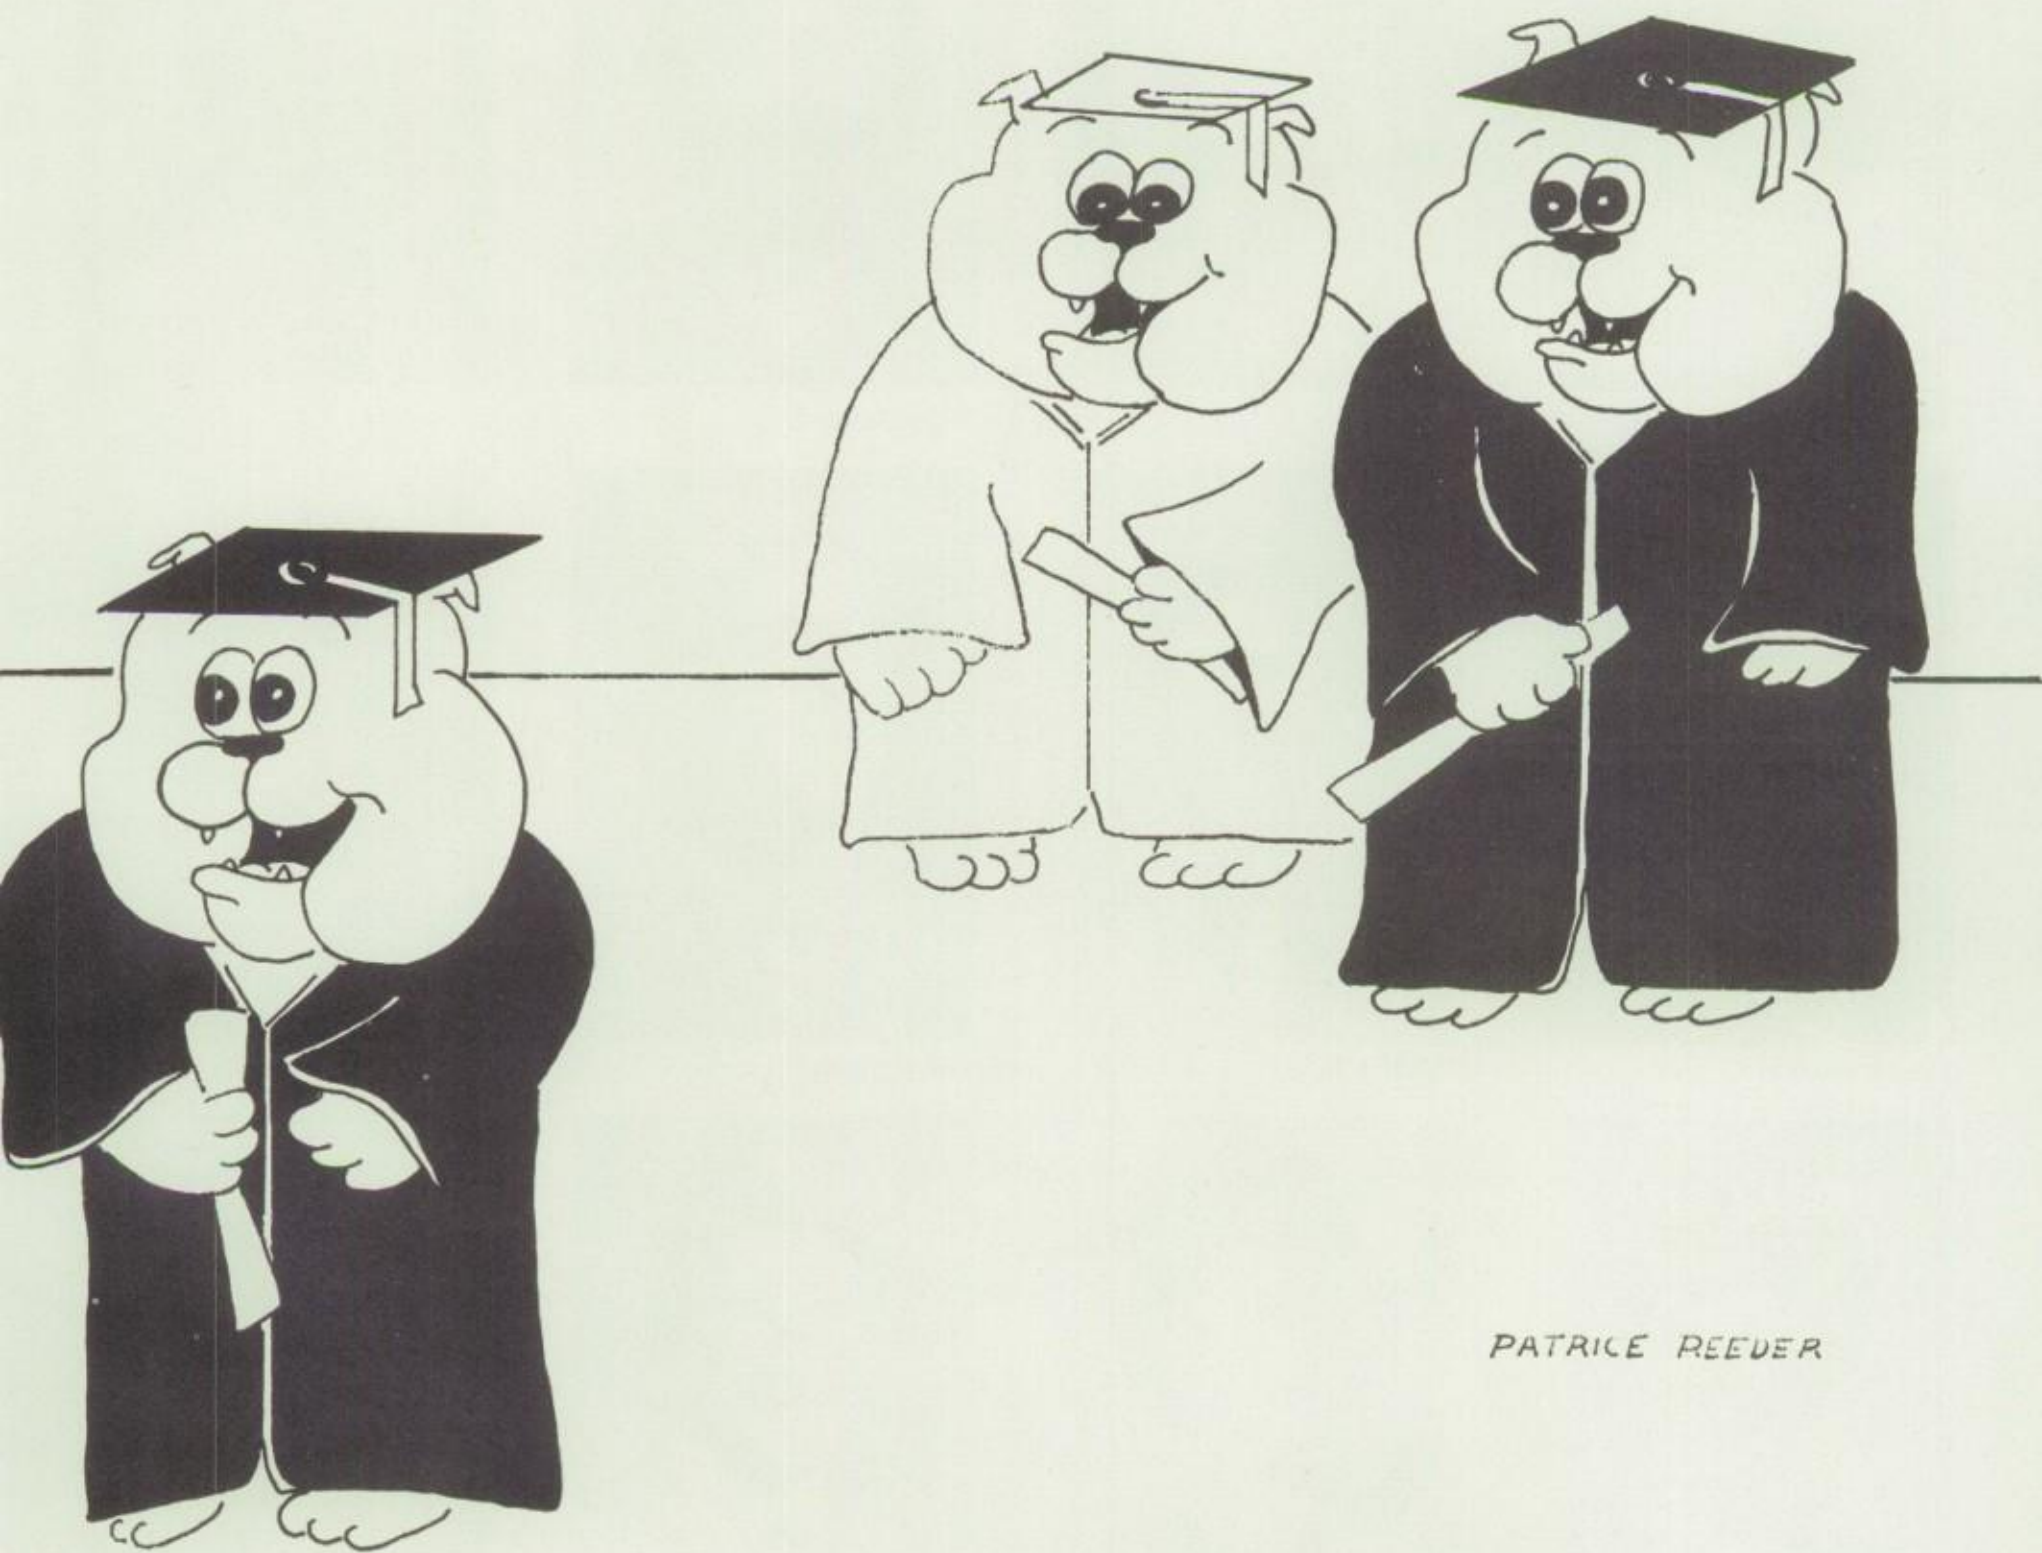

We thank you, Mrs. Diamond, for everything you have done.

Whisper down the alley?

The 1980 football team ushered in the decade of the 80's by compiling a record of 11-1 in winning the 3rd consecutive Section I Championship of the Lancaster-Lebanon League. Molded in the true tradition of the other great teams in the history of Wilson football, the Bulldogs displayed a productive offense and strong defense to successfully defend the championship and to become the 1st team to win the championship 3 times. The offense combined a powerful running game and an effective passing attack to score 390 points and set a school record for the most points scored in a game by a Wilson team in defeating Conestoga Valley 55-6. The stalwart play of the defense was equally intimidating as it stifled the opponents in holding them to an average of 7.5 points a game. The ability of this team to rise to the occasion and to play together was a big factor in the outcome of the season. The success of this season is a tribute to the hard work and dedication of the players and the coaches. Special recognition has to go to the seniors whose attitude and leadership made possible the goal of winning the championship of the Lancaster-Lebanon League. They have set a standard of performance to challenge the pride and courage of the underclassmen in the 80's

Picture day?

We can INTIMIDATE!!

The 1980 edition of the Wilson High Junior Varsity Football team finished with a record of 8 wins, 1 loss, and 1 tie. Although the Baby Bulldogs had a 27 game non-losing streak broken, they still showed a great deal of promise for next year. Again this year the name of the game was defense. The JV's shut out several teams and were very stingy with the rest. This years team showed a great deal of desire and determination. Most of all they were willing to pay the price to continue a fine football tradition at Wilson. Look for this team to defend the Lancaster-Lebanon Title for a fourth consecutive time next year.

Is THAT our JV Football team?

The IBA, in its tenth year, finished its season in style by having the championship game played in front of a captive audience of 900 students. That was exactly 899 more students that normally watched an IBA game.

The Elbowbenders II won that game and every other game they played. There were eleven other teams that played intramural basketball, including one with all girls. Several teams lost more than they won, but all on the teams had a good time regardless of the outcome.

A hair raising experience!

-As we come to the end of another year at Wilson High School and the halls are now devoid of the activity, and confusion, the laughter and joy, and other various activities we can look back at another successful school year.

As always the seniors were anxious to leave and go on to higher and better things, and yet sad to leave their long time friends, realizing that they must go their separate ways perhaps not having their paths cross again.

The Juniors are happy because they now assume the SENIOR position. They are now number one, giving them a sense of power and pride. They now become the center of focus and relish the attention they are about to receive.

The Sophomore can't wait to assume the role of Juniors. They are no longer to be looked upon as the lowly sophs; the brunt and object of ridicule. Pity the poor Freshman next year for they must assume this lowly position and put up with the upper classmen who will be watching their every move.

In September these now empty corridors will again be teeming with hundreds of students, ready after a summer of rest and recreation to assume their scholarly duties and obligations. They will come with good intentions, new resolve and a firm determination to have a successful school year. The graduating class wishes you every luck and success.

REFLECTIONS OF 1981

There were glad times

and Sad Times

Times to reflect

There were times to work . . .

and times to play.

Sometimes were confusing . . .

and times of desperation.

Sometimes we had our ups and downs.

There were proud times . . .

and Tense Times.

There were times to spend with friends.

and at Times we
all went crazy!!
